Editor's Note

Ever since the elections for the Executive Committee of the IBA PU Alumni Association in December last year were held, all of us have been waiting for the results to be notified. However, the legal confusion created due to lawsuit filed by one of the candidates has led to delay of notification. And so does the issue of this newsletter. Editorial staff expresses its regret for that. Nevertheless, alumni and their families are not likely to forget the electric environment of 25th December, 2021. Participation of large number of people in that event tells us that the bonds of togetherness among our old students is very strong. We pray that the feelings of hope and togetherness prevail over the feelings of despair and selfishness.

Elections for the EC were held

25th Dec, 2021: A large number of old students of IBA PU got together in IBA Greens in order to elect new members for the Executive Committee of the IBA PU Alumni Association. The total vote count remained around unprecedented 339. People from all batches, starting right from the 1st batch till the latest ones were there. The voting continued till 4 pm without any interruptions. There were two panels in the run and the candidates from both the panels were seen cajoling and coaxing their institute fellows to vote for their side. Everyone present there had a great entertainment day as ample food, beautiful company and shiny bright sun was available. At the end of the voting time, counting was held in the presence of representatives of both panels. Later on, the convener of Election Committee announced the results. The day ended with the Extraordinary General Meeting of the Executive Committee.

This Issue's Q&A Tip (from our expert)

Q: What kind of ethical values you believe in?

Ans (Part II): As explained in last issue of this newsletter, this is a very tricky question. The answer to this question is always in you remaining in favour of truth and honesty. Who would like to say that his goals are to siphon off office assets for personal gains. However, the important thing is how

you say it. A bit of compassion and emphatic tone may add value to your answer.
